FAQ (Frequently asked questions)

- **What should I do first?** Choose 2-3 possible dates and contact us.
- **What is the ideal number of students for a show?** 100-150.
- **Is there an extra charge for travelling costs?** No, the price is final.
- **Are the actors native speakers?** Not only native speakers, but there will usually be one or two in the team.

Why theatre in English

- The language we learn in the classroom is often theoretical, while in real life, words are just part of a complicated live communication process. Theatre brings 'living' language to students in a way that normal classroom teaching can not.
- Live theatre creates genuine emotional reactions in the audience (as well as laughter). This motivates students to feel positive about learning the language. It also helps them learn specific elements of the language (grammar, phrases, etc.) in a memorable way.
- The shows are supported by teaching materials, which teachers can use before or after a show to link the theatre experience to their classroom teaching.

Program of Shows

Jackie and the Horrible Family

Age 6 - 10

Jackie is unhappy because her parents are arguing, so she goes on a journey to Giantland to get advice from her friend Mr Good. In Giantland however she is caught by Mrs Horrible. She can only escape with the help of the children in the audience.

Aliens Save The Planet

Age 10 - 13

Aliens are here and they are trying to clean the planet. The Men in Black are here too though and their mission is to catch and destroy the aliens. Things get complicated when one of the Men in Black falls in love with one of the aliens.

London's Burning!

Age 13 - 18

This show tells the story of The Great Fire of London with scenes, games, and a lot of interaction. Students learn the history of the fire while being encouraged to put themselves in the shoes of different characters from the story.
